

## THE GARDEN WING at LISNAVAGH

The Garden Wing is our renovated venue situated adjacent to Lisnavagh House with a covered walkway link to and from the house. The capacity is approximately 150 guests on round tables (depending on how many you would like seated on each table). We also have wooden oblong tables (cool, rustic look with no tablecloths!) that will accommodate up to 170 guests.

### DINNER IN THE GARDEN WING

With a capacity for up to 170 guests, the Garden Wing exudes both grandeur and tradition. Breath taking in both size and splendour, with its twenty-foot high ceilings and a hand crafted roof made from timber grown on the historic estate, this space for celebrations is more than big: it's spectacular. With light flooding into the vast structure through sash windows, embracing views of

herbaceous borders and mature magnolia trees, the affect is fresh and dazzling.

Lisnavagh works with five caterers who can design your wedding menu to your exact specification, whether it's a five course formal dinner or a more informal BBQ or Hog Roast. They will manage all service hire items and timings. We offer choice of dining tables, chairs and glassware.

Décor is not provided in the Garden Wing but we would be happy to recommend local suppliers that can assist you should you wish.

## DANCING

The dance floor is in the Garden Wing, next to the adjoining Beaters Bar, which takes guests back in time with a rustic flagstone floor and a cosy snug by the fire.
